

## Pressmatic Noblesse Lavatory Basin Tap

Code 17161006 - Chrome

### DESCRIPTION

With an innovative design of the other models of Press-Matic® Faucets, this product offers different features with the same functionality and quality of our brand. PressMatic® technology offers greater comfort and safety for all environments, especially in public or with large numbers of people.

### TECHNOLOGY AND CHARACTERISTICS

Bi-nickel  
Chrome

High  
durability

Embedded  
aerator

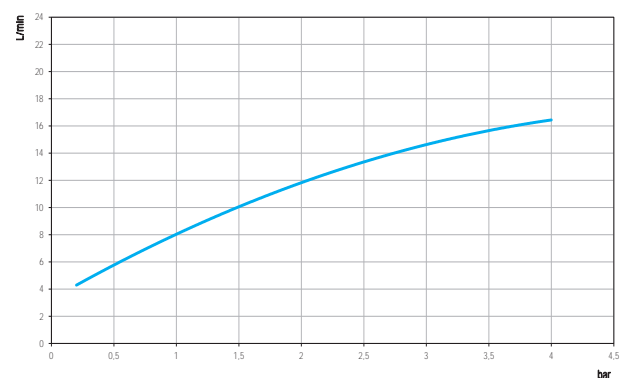

### ADVANTAGES

**The embedded aerator**, besides providing guaranteed savings on water, it is more comfortable to handle and avoids splashing, making the visual appearance of the spout cleaner.

**Pressmatic** taps are equipped with hydro-mechanical activation; just a slight touch of the hand and it automatically closes after about 6 seconds. The system is practical, guaranteed to be long-lasting, resistant to vandalism, and increased hygiene: as once it is activated, the user does not have any contact with the product. Besides being practical, the products are extremely and long-lasting.

**The durability of the products is guaranteed** by the chrome finish 40% more resistant to chrome on the market and the exclusive DocolChroma technology that guarantees color and impeccable finish.
