

8202 Seracare

Description

Non acidic cleaning agent for removing difficult stains such as coffee, oil, juices from granite, marble and terrazzo.

Fields of Application

- Removing difficult stains such as coffee, wine, oil, soft drinks from polished or unpolished surfaces such as marble, ceramic, granite, rustic ceramic, cotto, non-acid resistant stones, clinker and grouts.

Properties

- Effective on difficult stains.
- Applicable on all surfaces.

Application

- Before applying Seracare Stain Remover, wash the surface with water.
- Dilute Seracare Stain Remover with water in 1:1 to 1:5 ratio depending on the intensity of stain.
- Pour Seracare Stain Remover on to surface enough to cover the entire stain and let the product act for about 3 - 5 minutes.
- Rub with sponge or brush or vacuum cleaner.
- For any stain trace left, apply in Seracare Stain Remover on the stain without diluting.
- Rinse thoroughly and repeatedly with water.
- Seracare Stain Remover should be applied by leaving it on the stain surface for a longer period of time without diluting for cleaning difficult residues.

Post-Application Protection & Suggestions

- The product should be tested before using on the surfaces to be applied.
- Always wear gloves and boots, as well as protective goggles. Avoid direct contact with skin and eyes. For further information refer to the safety data sheet.

Storage

- Packages should be kept dry and cool at between +5°C and +35°C in moisture free conditions. Avoid direct sunlight.
- Packages should be protected from water, frost and adverse weather conditions.
- Shelf life is maximum 12 months conditional to complying with the above mentioned conditions.

Packaging

- 1 lt plastic bottles.

8202 Seracare

Technical Properties

(at 23°C and 50% RH)

General Data

Appearance	Transparent liquid
pH	>11
Shelf Life	12 months in original sealed packaging

Application Data

Application Temperature Range	(+5°C) - (+35°C)
Mixing Ratio (Stain Remover/Water)	1/1 – 1/5
Consumption	20 – 100 m ² / lt (Depending on the intensity of type of stain)
